

Carrier & Network Services

As your single-source communications consultant, the Vertical Communications® Carrier & Network Services team is your true “carrier advocate.” We take the work and worry out of the overwhelming process of choosing the right carrier and network services you need to make the most of your communications investment. Our expert, experienced communications consultants work on your behalf – at no cost to you! – with more than 50 different carriers and communications service providers to find the best fit for your business needs. We bring you unbiased recommendations for solutions that can significantly reduce your communications costs, speed up internet connections, streamline billing and simplify the design, deployment and support of your communications systems.

We work with leading providers of the following services to ensure the best possible solution for your business:

- ✓ **Cloud** – Colocation, Hosting
- ✓ **Conferencing** – Audio Conferencing, Web Conferencing
- ✓ **Voice** – Analog Lines, Integrated T1s, SIP Trunks, PRI, Long Distance
- ✓ **Data Centers** – Hosting, Cloud, Selection, Migration
- ✓ **Ethernet** – Over Copper Ethernet, Over Fiber Ethernet
- ✓ **Fiber** – Finding On-net Providers, Build-out Design
- ✓ **Internet Connectivity** – Cable, DSL, Integrated T1s, EoC, Wireless, TDM
- ✓ **Managed Services** – Telecommunications Inventory Management
- ✓ **Security** – Firewalls & Business Security
- ✓ **TDM** – T1, DS3, OCx
- ✓ **WAN** – Point-to-Point, MPLS (layer 2 & 3), SD-WAN, Ethernet, VPN
